

Fruits & Vegetables Value addition with innovative ideas

Introduction

Al Haram Live Stock Farm is business entity registered with Government of Punjab Al-Haram Live Stock Farm has been established since 2009. We have our farms Sue-e-Asal at Lahore, Zahir Pir, Renala Khurd & Gujar Khan. Al Haram Live Stock Farm is working on vegetables and fruits left over in the vegetables and fruit markets through collection and meticulous and quality control process of dehydration for use in cattle feed.

Objective

- Improve value addition practices and quality control on leftover vegetables and fruits for consumption and improvement of livestock health.
- Increase income of livestock farmers by cost cutting on quality feed ingredients in cattle feed.
- Empower poorest segment of society by involving them into livestock farming and shift towards profitable and sustainable agriculture economy

Products

Al Haram Live Stock Farm is currently producing different types of dried vegetables and fruits left over in dried and powder form under supervision of nutritious experts for feed formulation to be used in livestock feed for improved health.
